Days/hours this is offered

Online On-Demand Homework Help will be available **Monday – Thursday from 5 pm - 9 pm Central Time.**

Program Length

The program ends at the end of May

Program Cost

The cost is one time cost of \$129 for the period 4/15/18 to 5/29/18

Tutors' backgrounds

Club Z!'s On-Demand Online Homework Help tutors meet all of the same requirements as your in-home tutors, including possessing degrees from accredited universities, and having requisite experience in the subjects/courses they teach. They all have undergone extensive reference and background checks as well. In addition, all On-Demand Online Homework Help tutors have undergone training in best practices for using the virtual classroom platform.

Online Help Process

1. Students will receive a unique username and password, via email, to access the On-Demand Online Homework Help website.
2. Once logged on, the student will initiate a homework help session by creating a chat with the homework subject specified.
3. Club Z!'s on-demand online tutors will receive this message, and a qualified tutor will respond directly to the student to introduce himself/herself, and provide a link to a virtual classroom.
4. Club Z!'s on-demand online tutors will provide homework help using the tools available within the virtual classroom (white board, written chat, document upload, video and microphone, etc.)
5. When the student's question has been resolved, the tutor and student will exit the virtual classroom and close the session.
